💙 *A huge thank you to the team at Radiant Media Productions and Peter from Win Television for all of your support!*

Before School Care

TheirCare offers Before School Care from 6:30am to 8:45am daily for students arriving before 8:45am. School staff are not rostered to supervise students during this time, as they are involved in meetings and planning. If a child needs to be dropped off before 8:45am in a one-off situation, supervision can be arranged by prior agreement with the school staff. Students who regularly arrive before 8:45am need to be booked into Before School Care with TheirCare.

My Future Academy

We are very fortunate to have My Future Academy come to our school weekly to run a sports program using the BluEarth approach.

Brodie and his team work with our students to encourage, build and support their physical, social and emotional wellbeing through activities aimed to incorporate movement and mindfulness, building important foundational skills that support increased confidence and learning outcomes.

Thanks so much Brodie!

Wednesday 26th	Nature Playgroup 9.30 - 11am
Friday 28th	Last Day of Term 2

July

Monday 15th	First Day of Term 3
Wednesday 17th	Nature Playgroup 9.30 - 11am
Wednesday 24th	Nature Playgroup 9.30 - 11am

PROTECT

Protecting children & young people from abuse is our responsibility

The Child Safe Standards are compulsory minimum standards for all Victorian schools to ensure they are well prepared to keep children and young people safe and protect them from abuse. The Child Safe Standards include requirements to keep children, young people and students safe. There are eleven Child Safe Standards. Each newsletter we will introduce a one standard keeping you informed of our work supporting and implementing the standards.

Child Safe Standard 8 – Child safety knowledge, skills and awareness

At Mooroopna North PS our work within this standard includes;

- Our Child Safety and Wellbeing Policy outlines the controls in place to ensure school council and school staff receive appropriate annual guidance and training on child safety and is implemented
- Our Volunteers policy provides information on training for volunteers.
- Volunteers are provided with child safety training that is appropriate to the activity and the volunteer's role.

Child safety and wellbeing at Mooroopna North Primary School information for families and the school community.

The Victorian Government has announced new [Child Safe Standards](#) to further strengthen child safety across organisations, including schools. The new standards recognise the critical importance of families and the broader school community in maintaining and promoting child safety and wellbeing.

Mooroopna North Primary School has reviewed and updated our child safety policies and procedures to ensure they meet the requirements of the new standards. These are available to view on the school's website.

We are committed to continuous improvement in our approach to child safety and wellbeing and welcome feedback from families and members of our school community on ways we can further strengthen our child safety policies, procedures and practices. If you have any suggestions, comments or questions, please contact Bec on 58290141.

2024, Term 2, Week 9

HCM Heroes Holiday Program run during the school holidays making it an awesome way to keep the kids entertained during the term breaks. These programs are suitable for children between the ages of 6 to 10 years old. Each program provides a full day of fun field hockey activities and opportunity to create new friendships. Regardless if it their first-time trying field hockey or if they are already playing with a local club, we welcome children of ALL abilities to participate. HCM Heroes Holiday Programs are also perfect for parents and guardians as all programs are fully supervised by our staff, allowing schedules to become more flexible by keeping the kids entertained during the school holidays.

facilitated by Karen Speedy - speech pathologist

Karen will provide practical strategies for professionals to use with clients to support communication skills and language development of their children (0-5 years). Staff will be able to ask questions of their clients in regards to their child's language and potentially identify language delays.

The following will be covered:

- Overview of typical speech and language development
- Typical language development for different age groups
- Receptive and expressive language
- Development of speech sounds
- Supporting CALD children in their language development.

This training is recommended for family support staff, MCH, school staff and other professionals in secondary and tertiary services working with families.

Supported by the
Goulburn Child and
Family Services
Alliance

Curriculum and Pedagogy Assistant Principal Stacie Lundberg with Years 7-9 Neighbourhood Leaders (from left) Julie Walsh, Hadleigh Sirett and Mitchell Jones

Helping students reach new heights

Junior secondary school leaders at GSSC are developing a new program for Shepparton's best and brightest Year 7 students.

The High Ability Program will launch in 2025 for incoming students who would gain from further challenges in critical thinking and collaboration.

"We'll be following the Year 7 curriculum and adopting 21st century learning techniques to delve deeper into subject areas," Stacie Lundberg,

the college's Curriculum and Pedagogy Assistant Principal, said.

"This inaugural High Ability class will continue together through Years 7, 8 and 9, to give the students real follow-through in their studies."

Parents of incoming Year 7 students who believe their child would benefit from the program will be invited to contact junior school leaders later in the year.

"We'll also work with our primary schools to identify potential candidates and conduct interviews and tests to determine if the program is right for a particular student," Ms Lundberg said.

GSSC Executive Principal Barb O'Brien said the program was part of the college's commitment to meet the learning needs of each and every student, from those requiring additional support to those needing additional challenge.
